## YOUR GUIDE TO HEALTH CARE REFORM

### EXPLORE

Visit [www.healthcare.gov](http://www.healthcare.gov) to learn all about how health care reform can benefit you and your family.

Apples to apples comparison of private policies available for purchase.

There are so many great benefits! Children can remain on parents' plans until age 26, no denials for pre-existing conditions, increased coverage options, and more.

### ENROLL

Health Insurance Marketplace means we all get group buying power, even as an individual or family.

Starting October 1, 2013, you can buy private health insurance from the government-sponsored website. Visit [www.healthcare.gov](http://www.healthcare.gov).

Small business owners can receive tax credits to provide insurance.

### ENJOY

New limits on private health insurance profits ensure you are paying no more than you need for health insurance.

Pre-existing conditions are no longer a barrier to insurance.

No more yearly or lifetime limits on your policy!

Free preventive and wellness care.

### EASY

Most people can get help to afford private health insurance, keeping costs easy on the wallet and more accessible for those who qualify.

User-friendly website makes it easy to get a list of insurance plans available for you. Just answer a few questions.

Health care reform makes insurance easier for everyone.
