From Chairperson Del McWhorter:

Virginia Organizing could not do our work without your support, and thanks to you our numbers keep growing! We now have more monthly sustainers and that steady generosity helps us make real change in our state.

So far this year, you helped our leaders in Portsmouth, Fredericksburg, Lynchburg, and the New River Valley stand up with students against the school-to-prison pipeline. Thanks to you, all of our chapters held rallies and media events to save the Affordable Care Act, and members from all over the Commonwealth called their representatives in Congress to demand that they protect our health care. Together we fought the return of abrupt and questionable deportations and held educational sessions so that immigrants and their allies would know their rights.

Virginia Organizing coordinated constituent meetings with a host of Commonwealth’s Attorneys and police chiefs about immigration and asked them to address citizen complaints about police mistreatment. We helped create new procedures for accessibility in area hospitals for the deaf community and are producing informational videos so that affected members of the community know what is available. We also registered voters, helped returning citizens get their voting rights back, and trained new members about how to stand up for themselves and their values in our democracy. We fought hard on environmental justice, pollution, and climate change issues — clean energy and clean jobs!

We keep moving forward, and your help makes it happen. I hope you will join us at the Grassroots Gathering this year, September 29-October 1 at beautiful Smith Mountain Lake, so that we can make new connections and continue to grow our organizing.
